--	---

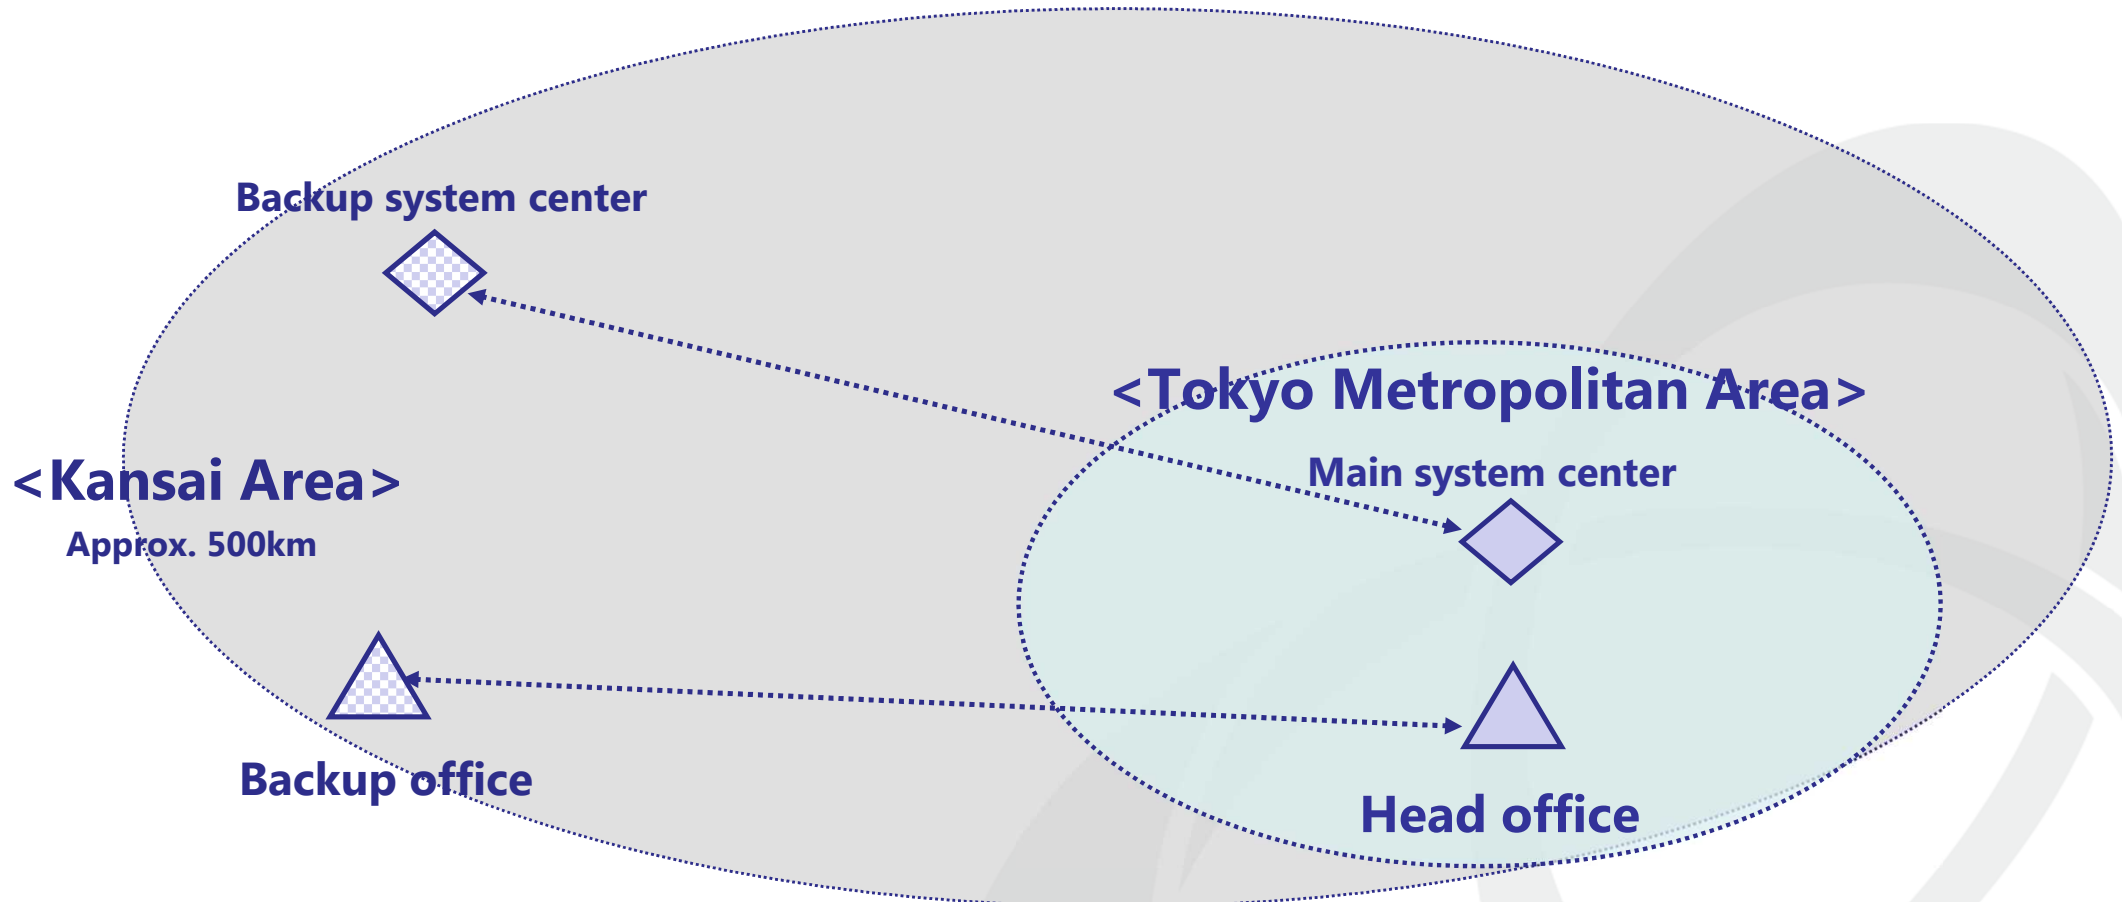

<p>Next Generation System</p>	<ul style="list-style-type: none"> - Actively promote further standardization and Straight Through Processing (STP) - Optimize the system configuration
--------------------------------------	---

c.f. History of dematerialization

Backup office and Backup system center

Backup office and Backup system center

JASDEC Group has established an Osaka office to continue operations, provide information on the status of its operations, and respond to inquiries from outside even in the event that the Group main office becomes inoperable or inaccessible due to the disruption of social infrastructure such as electric power supply, communications, and transportation.
