

All in One Feature of TDCC ePassbook

An iconic asset integration of securities , mutual funds and bank deposits

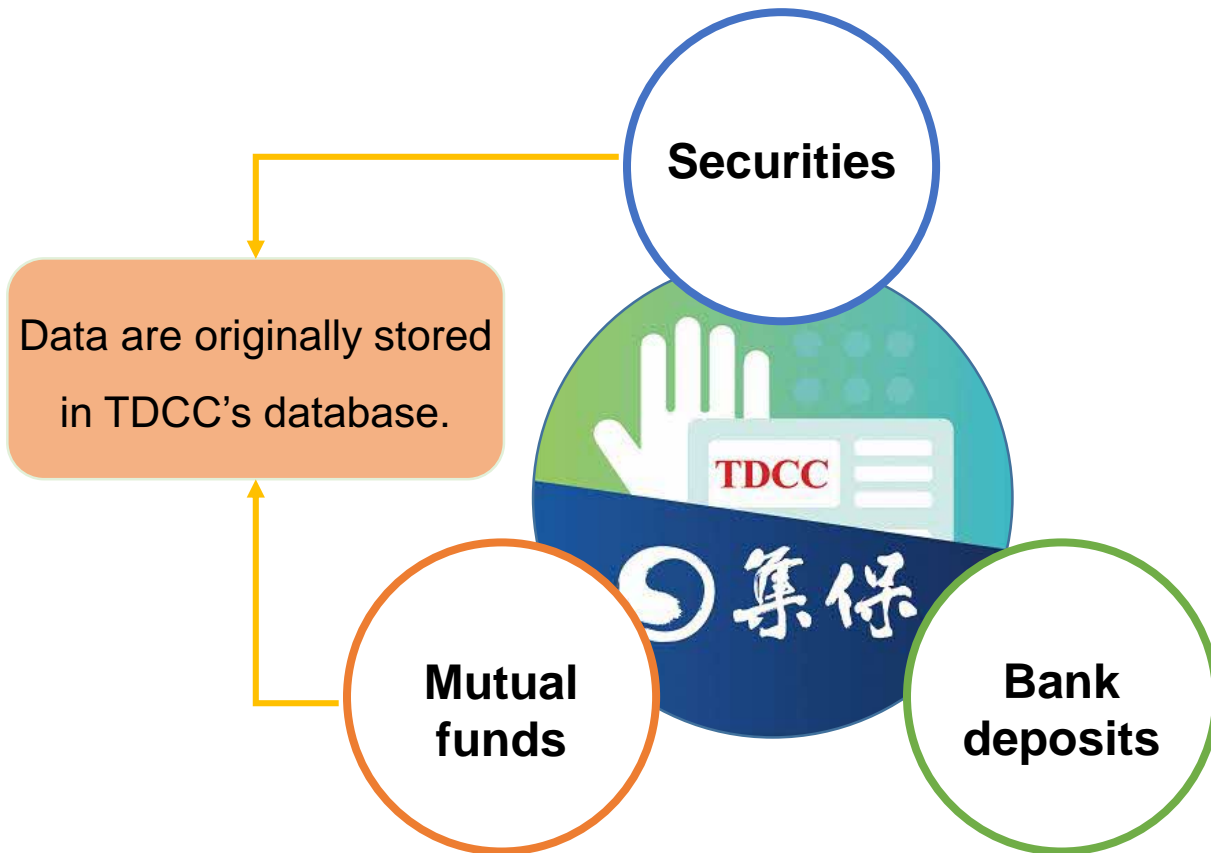

TDCC Sep 2021

Strategy of the ePassbook development

All-round asset integration platform

Total market value of securities, mutual funds and bank deposits.

Navbar to select different type of assets.

The distribution of selected type of assets will be showed in infographic way.

Evolving with the progress of Open Banking

- To meet investors' need of checking their bank account balance while reviewing asset of securities accounts, TDCC launched the "bank connection" function on April.
- In order to meet their needs, TDCC joined the Open Banking ecosystem. Hence, users are able to retrieve the data of their balance and transaction details via Open APIs on ePassbook.
- 7 banks are available to connect now, and TDCC is currently working with more than 10 major banks to expand market coverage.
